

Salamone's **PASTAbilities**

We're coming to your childcare center!

We believe that by becoming little chefs children learn creativity and independence through cooking, while having fun with pasta.

Our goal is to provide a healthy meal using fresh pasta while they're having fun in a creative, kid-friendly activity.

Our recipe? Par-cooked pasta sheets, small cookie cutters and your kids' imaginations!

Next, we cook their pasta, top it off with one of our delicious, homemade sauces – and they enjoy their own masterpieces! Hats and aprons

are provided – Italian music & mustaches complete the scene.

They'll be ready to create future meals with you

– **the PASTAbilities are endless!**

What's Been Said

"On behalf of all the school age children staff we thank you for a fun and wonderful pasta experience...everyone had so much fun!" – Ibero Early Childhood Services

"It was a great experience – different, and a lot of fun. Although it was very busy, it was very controlled and ran smoothly."

"All of the sauces were great, and the idea is a perfect one..."
